NOTICE OF REMOTE HEARING

February 15, 2022

11:00 A.M., Zoom

TO: Members, Subcommittee on Underserved, Agricultural, and Rural Development

FROM: Jared Golden, Chairman

DATE: Tuesday, February 8, 2022

The Committee on Small Business Subcommittee on Underserved, Agricultural, and Rural Development will hold a remote hearing titled: “The Infrastructure Investment and Jobs Act’s Benefits for Small Businesses.” The hearing is scheduled to begin at **11:00 A.M. on Tuesday, February 15, 2022** via **the Zoom platform** (information to be provided).

The condition of America’s infrastructure has been declining for decades. The American Society of Civil Engineers has long said that trillions are needed for repairs and improvements to U.S. infrastructure. On November 15, 2021, President Biden signed the Infrastructure Investment and Jobs Act (also known as the Bipartisan Infrastructure Law) into law, making a historic investment of \$550 billion in new funds for large infrastructure projects, supply chains, broadband, and drinking water. This hearing will explore the benefits of this law for small businesses. Members will hear from small firms and experts about all the ways small firms can utilize the funds available to grow their businesses and obtain lasting success.

A staff briefing will be held at 2:00 P.M. on Monday, February 14, 2022 through Zoom.

If you or your staff have questions, please contact Matthew Bowman, Senior Professional Staff Member for the Committee.
